**RIELLO BURNER RETROFIT**

In 2011, Appleton West High School upgraded their burners to new high efficiency Riello burners.

*"I am very happy with the performance of the new Riello burners installed at West High School.*

*As a result of the improved combustion (3% O<sub>2</sub>) and high turndown capabilities (10:1) of the Riello Burner, we have dramatically reduced our fuel usage."*

Jeff Vandenberg  
Mechanical Services Crew Leader  
Appleton Area School District

(2) Hurst Series 400 300HP Boilers installed in 2001

(2) RS 300/EV Riello Burners w/Siemens LMV 52 Controls installed in 2011
