LUXEMBURG-CASCO SCHOOL CASCO, WI

Challenge: Reduce cycling rate of current system.

Solution: (2) Smith RTS HE-9 Boilers were installed with Riello RS70 EV Burners resulting in lower cycle rates. The Smith is an economical, cast iron boiler and paired with the Riello burners provides higher efficiencies and higher turndown for the school.

(2) Smith RTS/HE-9 Boilers

(2) Riello RS70/EV Burners
